

## **New strategies across the TSP 2009-2010**

### **Sustainable Community Strategy 2009-2019**

Link: <http://www.tameside-strategic-partnership.org.uk/strategy/scomstrat.pdf>

Contact: David Berry (342 3149)

Approved by TSP Board: September 2009

The Sustainable Community Strategy sets the vision, aims and priorities which members of the Tameside Strategic Partnership commit to deliver. The strategy is core to the work of the individual organisations of the partnership as it informs other key strategies and the delivery of services. It has been updated to reflect local priorities and national policy changes and guidance. The Strategy is fully aligned to the refreshed Local Area Agreement. The vision and six aims of the strategy remain the same, however the priorities supporting these aims have been updated.

### **Affordable Warmth Strategy 2009-2012**

Link: <http://www.tameside.gov.uk/energyefficiency/warmthstrategy.pdf>

Contact: Debbie Bishop (342 3358) and Andrew Leah (342 2562)

Approved by TSP Board: June 2009

The Affordable Warmth Strategy aims in partnership to make all homes in Tameside affordably warm, to improve access to energy advice and improve health and well-being through affordable warmth. It contributes to the 'Healthy Tameside' and 'Supportive Tameside' themes of the Sustainable Community Strategy, but is relevant to the work of all other thematic partnerships. By tackling fuel poverty, the Strategy will help achieve the overarching aim of the Sustainable Community Strategy, to reduce inequality across all areas of the borough and all parts of the community.

### **Greater Manchester Strategy – Prosperity For All**

Link: [http://www.agma.gov.uk/cms\\_media/files/final\\_qms\\_august\\_2009.pdf](http://www.agma.gov.uk/cms_media/files/final_qms_august_2009.pdf)

Tameside contact: Huw Davies (342 3696)

Report presented to TSP Board: September 2009

AGMA's Greater Manchester Strategy seeks to improve the economic performance of the sub-region, attracting investment and jobs and establishing Greater Manchester as a leading city region on the continent. It envisages a sustainable future to which all boroughs can contribute to the prosperity of the region. Tameside is placed within the context of Greater Manchester, acknowledging the interdependency of AGMA members and the need for strong links between neighbouring boroughs. This city region focus has culminated this year in the proposal to create a Greater Manchester Combined Authority in 2011.

### **Engagement Strategy 2009-2012 – Empowering Tameside**

Link: <http://www.tameside.gov.uk/engagementstrategy.pdf>

Contact: Emma Cohen (342 3938) and Jody Stewart (342 3527)

Approved by TSP Board: September 2009

Tameside's first Engagement Strategy, entitled Empowering Tameside, has been produced to ensure a common partnership approach and principles to consultation and engagement. The Strategy includes a comprehensive audit of activity across the partnership and includes an 'Engagement Toolkit' covering practical guidelines on how to conduct high quality consultation projects. The Strategy opens more avenues for partners to engage with communities, helps to reduce duplication and creates stronger links between residents and decision-makers.

### **Housing Strategy 2010-2016**

Link: <http://www.tameside.gov.uk/housing/strategy/10-16.pdf>

Contact: Andrew Leah (342 2562)

Approved by TSP Board: December 2009

The strategy sets out the priorities for improving the residential offer in the borough over the next six years. Supporting the aims of the Sustainable Community Strategy, the Housing Strategy's key objectives include reinvigorating communities, providing more affordable housing and affordable warmth, improving private rented sector standards and supporting vulnerable people to live independently. These priorities can only be effectively delivered in partnership.

### **Community Cohesion Strategy 2010-2020**

Link: <http://www.tameside-strategic-partnership.org.uk/partnerships/cohesionstrat.pdf>

Contact: Sarah Booth (342 2934)

Approved by TSP Board: December 2009

Developed in partnership and through an extensive community consultation project, the updated Community Cohesion Strategy outlines strategic priorities and actions for the coming 3 years, defines what the term 'community' means to Tameside residents, identifies a shared set of values ('Included, Inspired, Involved') to guide cohesion work and highlights the role of cohesion in all of Tameside's thematic partnerships. The strategy aims to strengthen Tameside's communities, prevent violent extremism, build cohesion in partnership with community groups and bolster links with and between minority groups.

### **Health Improvement and Health Inequalities Strategy 2009-2019**

Contact: Debbie Bishop (342 3358)

Endorsed by TSP Board: March 2010 (action plan to be published)

The strategy will reflect the framework for tackling health inequalities across the borough in partnership and help to deliver the Partnership's Sustainable Community Strategy, particularly working towards 'Healthy Tameside' but also across the SCS's main aims. The strategy will be delivered through a number of outcomes, including ensuring that children and families achieve the best possible health, reducing income inequalities, improving the health of empowering individuals to take action to improve their well-being and promoting Tameside as a healthy place to live, work and visit.

### **Low Carbon Tameside Strategy 2010-2020**

Contact: Kate O'Donnell (342 2174)

Endorsed by TSP Board: March 2010

Low Carbon Tameside will ensure that we reduce energy consumption in Tameside, protect and enhance our natural environment and move towards a sustainable future. It aims to reduce waste, lower emissions, conserve water, support the local economy through sustainable development and manage risks to Tameside due to our changing climate. The actions contained within the Low Carbon Strategy will be reflected in the business plans of TSP member organisations.

### **Alcohol Harm Reduction Strategy 2010-2013**

Contact: Lisa Lees (342 2505) and Debbie Bishop (342 3358)

Approved by TSP Board: March 2010

Alongside the Tameside & Glossop Alcohol Related Harm Needs Assessment and the Tameside & Glossop Alcohol Services Needs Assessment, the Alcohol Harm Reduction Strategy sets out a clear course of action to reduce alcohol related harm across the borough. The strategy brings together partners across the TSP and in all the thematic partnership areas. Particular focus is placed on effective social marketing campaigns, backed by specialist support services.
